# HATCH™
LED DRIVERS

LED Modules from Hatch provide a matched LED light source for Hatch Emergency Drivers. They are available in 3 different versions to cover the entire family of Hatch Emergency Drivers and are tuned to provide 130 lumens/watt of light for emergency egress illumination.

When paired with Hatch Emergency Drivers they are the perfect light source for retrofit and other non-led applications.
Part #	MAX Power	Max Current	Type Voltage	Lumens/ Watt	CRI	Compatable Emergency Drivers
ELP07-LED-K	7	300mA	24V	~130	>80	ELP05 and ELP07 drivers

Part #	MAX Power	Max Current	Type Voltage	Lumens/ Watt	CRI	Compatable Emergency Drivers
ELP12-LED-K	12	600mA	24V	~130	>80	ELP10 and ELP12 drivers

Part #	MAX Power	Max Current	Type Voltage	Lumens/ Watt	CRI	Compatable Emergency Drivers
ELP20-LED-K	20	750mA	35	~130	>80	ELP14 and ELP20 drivers
